**Explanations of Additional Fees

Research Fee – In the case of an exclusions, the PV price will include re-checks for 2 additional parents. If further investigation is needed to find the parents, the member will be charged \$1.00/min or \$60.00/hr. Additionally, if multi-sire pastures are used and excess time spent to confirm parentage, this fee will be applied. Members will be notified and asked to authorize research fees prior to work being completed by ASA.

SNP PVs to AAA – Angus requires SNP parentage in AB format and there is a fee charged for the special request.

All testing will be billed to the ASA member account, including test results reported as an No Results 'NR'
